CACS Young Chemist Award Program

PURPOSE

The CACS Young Chemist Award Program was established by Tri-State Chinese American Society (CACS) in 2003. CACS Young chemist award is dedicated to promote young chemists among Chinese Americans in the Tri-State area. CACS is proud to announce Young Chemist Award 2011 program to recognize and support excellence of outstanding high school students and to encourage them to pursue studies in chemistry-related fields upon entering college.

GENERAL GUIDELINES

The program will award undergraduate scholarships to outstanding students, to be known as CACS Young Chemist Award, for use during the upcoming academic year. The awards will be made on the basis of merit to those who will be college freshmen in the upcoming academic year, and who have outstanding potential and intend to pursue careers in chemistry-related fields.

Each scholarship awards a one-time fund of at least \$200 towards tuition payment. The program committee intends to award two or more CACS young chemist awards each year. Nominees for this award must include in their application materials a statement of interest in career in chemistry-related field upon entering college.

ELIGIBILITY

To be considered for the CACS Young Chemist Award, a student must:

- Be a full-time high school senior who plans full-time undergraduate study at an accredited four-year college in the upcoming academic year.
- Have a GPA of 3.3 or higher, a minimum SAT of 1400 (out of 1600 combined Math and Critical Reading score only) and be in the top ten percentile of their graduating class.
- Be an offspring of a Tri-State CACS member.

IMPORTANT DATES

October 03, 2011	Application deadline
October 17, 2011	Announcement for winners
October 28, 2011	Award payments

Important:

These awards are based entirely on talent and ability without regard to financial need.

Award recipients will be recognized and presented their awards at the Annual New Year Celebration organized by the Tri-State Chinese American Chemical Society.
